## **Investor Optimism Webinar**

In this latest webinar Steve Johnson, Gareth Brown and Harvey Migotti discuss Investor Optimism in the Wake of Global Pessimism. In a year of record highs for stock markets, a bubble in technology stocks and unprecedentedly low interest rates, it might seem odd that cash weightings in both Forager funds are down significantly. But the market is particularly capricious at the moment. Join Steve and the team to find out more about some of the businesses they have been buying during this time.
